(3) Where, under these Rules, a candidate has qualified for more than one of the awards referred to in Rule 1(1), the candidate shall elect only one of such awards to be conferred.

(4) A candidate who holds a Bachelor Degree or an Honours Bachelor Degree may, upon subsequent completion of the requirements for a combined award with that Bachelor Degree or Honours Bachelor Degree, elect to have the Diploma of Education, the Diploma of Chemistry in Industry or the Degree of Bachelor of Laws, as the case may be, conferred separately.

(5) To qualify for an award referred to in Rule 1(1), a candidate must complete a Program of Study approved by the Academic Senate for that award, provided that the Academic Senate may determine the maximum number of credit points in which a candidate may enrol in one half year period.

Registration

2. (1) In these Rules, unless otherwise stated or implied, a designated Executive Dean of Faculty means the Executive Dean of the Faculty which the Deputy Vice-Chancellor (Provost) has determined pursuant to Rule 2(2).

(2) A candidate shall be enrolled for an award referred to in Rule 1(1) and shall be registered in a Faculty of the University as determined by the Deputy Vice-Chancellor (Provost).

(4)(a) Where a candidate is enrolled in nine or more credit points in a study period, the candidate shall be designated as a full-time student;

(b) Where a candidate is enrolled in less than nine credit points in a study period, the candidate shall be designated as a part-time student;

- (c) Where a candidate's total enrolment is in units which are classified external, that candidate shall be designated as an external student.

Schedules to the Rules

3. (1) The Academic Senate prescribes a Schedule of General Requirements for the awards specified in these Rules.

(2) The Academic Senate prescribes a Schedule of Programs of Study approved for candidates seeking to qualify for an award under these Rules.

(3) The Academic Senate prescribes a Schedule of Undergraduate Units approved as qualifying under these Rules.

Programs of Study

4. (1) A candidate shall select a Program of Study approved by Academic Senate pursuant to Rule 3(2) for the award for which the candidate is enrolled, and shall enrol in units to complete that Program.

(2) Unless determined otherwise by resolution of Academic Senate:

(a) a candidate's selection of an approved Program of Study and enrolment in units to complete that Program of Study will require the approval of the designated Executive Dean of Faculty, or where the Academic Senate has so determined, the Executive Dean of another Faculty;

(b) any subsequent change to a candidate's enrolment will require the approval of the designated Executive Dean of Faculty, or where the Academic Senate has so determined, the Executive Dean of another Faculty.

(3) A candidate who wishes to add an internal unit may do so only in the first two weeks of the study period. A candidate who wishes to add an external unit may do so only in the first week of the study period. No approval is required to add a unit within these time periods.

Honours Degrees

5. A candidate for an Honours degree shall meet the requirements for candidature as determined by the Academic Senate and shall undertake and satisfactorily complete an approved program of study.

Prerequisite Studies

6. (1) A candidate may not enrol in a unit unless the conditions for enrolment therein specified in the Schedule of Units of Study are satisfied or the Executive Dean of the Faculty providing the unit has granted permission for enrolment.

(2) A candidate who has enrolled in a unit in breach of Rule 6(1) shall nevertheless be treated as a candidate enrolled in that unit for the purposes of Rules 11 and 12.

Work Required to Gain Credit Points

7. (1) The determination whether a candidate has completed satisfactorily a unit is made by the Academic Senate on the recommendation of the Executive Dean of the Faculty in which the unit is offered.

(2) In order to complete a unit satisfactorily and to gain the number of credit points specified for that unit a candidate shall:

(a) attend such classes;

(b) complete such essays, exercises and practical work and sit for such tests and examinations; and

(c) reach a satisfactory level of achievement in such essays, exercises, practical work, tests and examinations

as may be determined by the Executive Dean of the Faculty in which the unit is provided.

(3) Where a candidate is prevented by unavoidable disruption from satisfying the requirements of Rule 7(1), where this relates to a supplementary examination for the unit the candidate shall report the circumstances in writing (supported by a medical certificate or other proper evidence) by no later than 7 days after the examination to the Academic Registrar, and the Executive Dean of the Faculty in which the unit is provided may take into account such disruption when assessing the candidate's performance.

(4) Unavoidable disruption to studies is defined as resulting from an event or set of circumstances which:

(a) could not have reasonably been anticipated, avoided or guarded against by the student and

(b) was beyond the student's control and

(c) caused substantial disruption to the student's capacity for effective study and/or the completion of required work and

(d) interfered with the otherwise satisfactory fulfilment of unit or course requirements.

Examinations

8. Examinations for a unit are conducted by such means as the Executive Dean of the Faculty in which the unit is offered determines.

9. (1) Where a candidate:

(a) is prevented by unavoidable disruption from attending an examination in a unit offered by the University, or

(b) immediately prior to an examination was affected by unavoidable disruption which the candidate believes seriously prejudiced the performance at the examination, or

(c) is to a substantial degree affected by unavoidable disruption during the course of an examination, and either during or immediately after the examination reports the fact to the supervisor in charge

the candidate may as soon as practicable after such examination, and in any case not later than the day

following the final day of the examination period, as notified in the examination timetable (or within such further time as the Academic Registrar may in special cases permit), report the circumstances in writing (supported by a medical certificate or other proper evidence) to the Academic Registrar and request that they be taken into account when assessing the result of such examination. Where such candidate is personally unable to take the action required in such case by this Rule, some other person may take such action on the candidate's behalf.

(2) The Academic Senate, on the recommendation of the Executive Dean of the Faculty in which the unit is provided (made after consideration of a request and supporting evidence submitted pursuant to Rule 9(1)), may in its discretion permit the candidate to sit for a special examination. A special examination shall be conducted by such means and on such date as determined by the Executive Dean of Faculty, provided that the examination must be held not later than six weeks after the notification of examination results for the study period. In special circumstances, the Academic Senate, on the recommendation of the Executive Dean of Faculty, may determine a later date but before the commencement of the next succeeding regular examination period.

Grades

10. (1) A candidate's grade for a unit offered by the University is determined upon an assessment of performance in required coursework and/or examinations. In deciding the grade, due weight is given to the level at which the unit is offered.

(2) The grade of a candidate is recorded as follows:

<i>HD High Distinction</i>	denotes performance which meets all unit objectives in such an exceptional way and with such marked excellence that it deserves the highest level of recognition
<i>D Distinction</i>	denotes performance which clearly deserves a very high level of recognition as an excellent achievement in the unit
<i>Cr Credit</i>	denotes performance which is substantially better than would normally be expected of competent students in the unit
<i>P Pass</i>	denotes performance which satisfies unit objectives
<i>PC Conceded Pass</i>	denotes performance which meets unit objectives only marginally
<i>F Fail</i>	denotes performance which does not meet unit objectives

(3) After considering the recommendation of the Executive Dean of the Faculty in which a unit is offered and having regard to the subject matter of the unit and to the method of teaching it, the Academic Senate may determine that the grades

specified in Rule 10(2) are not appropriate to that unit. In this case, the grade of a candidate is recorded as follows:

<i>Satisfactory (S)</i>	which indicates that, subject to Rule 7(1), the candidate has completed the unit satisfactorily; or
<i>Fail (F)</i>	which indicates that the candidate has failed to complete the unit satisfactorily.

(4) Where a candidate has undertaken a unit at another tertiary institution as part of the course, the grade for the candidate shall be recorded as follows:

<i>Satisfactory (S)</i>	which indicates that the candidate has completed the unit satisfactorily; or
<i>Fail (F)</i>	which indicates that the candidate has failed to complete the unit satisfactorily.

(5) The Academic Senate may determine the range of scaled marks which apply to the grades referred to above.

(6) Once a grade has been determined by the Academic Senate it shall not be changed except:

- (a) following an appeal by the student pursuant to the provisions set down by the Academic Senate; or
- (b) in exceptional circumstances, a change is approved by the Deputy Vice-Chancellor (Provost) on behalf of the Academic Senate or the Executive Dean of the Faculty in which the unit is offered, provided that the application for a change is submitted to the Academic Registrar not later than six weeks after the notification of examination results for the study period; or in exceptional circumstances, the Deputy Vice-Chancellor (Provost) may approve on behalf of the Academic Senate an application submitted at a later date but before the commencement of the next succeeding examination period.

(7) Unless the Academic Senate otherwise determines,

- (a) a candidate who has completed satisfactorily the approved units for an Honours Degree may be awarded Honours Class I, Honours Class II Division 1, Honours Class II Division 2, Honours Class III;
- (b) a candidate who has, to the satisfaction of the Academic Senate, completed a program of study for the degree of Bachelor of Laws with outstanding merit may be awarded that degree with First Class or Second Class Honours;
- (c) a candidate who has, to the satisfaction of the Academic Senate, completed the program of study for the degree of Bachelor of Legal Studies with outstanding merit may

be awarded that degree with First or Second Class Honours.

- (d) a candidate who has, to the satisfaction of the Academic Senate, completed a program of study for the degree of Bachelor of Engineering with outstanding merit may be awarded that degree with Honours Class I, Honours Class II Division 1 or Honours Class II Division 2.

Non-compliance With Unit Requirements

11. (1) If a candidate has not complied with the requirements of Rule 7 relating to a particular unit the candidate may be excluded by the Executive Dean of the Faculty in which the unit is provided from further participation in and from attendance at any examination for that unit. A candidate who is excluded, under this Rule, is deemed to have failed the unit.

(2) Where, notwithstanding a candidate's failure to comply with the requirements, the candidate is not excluded, the Academic Senate may, on the recommendation of the Executive Dean of the Faculty in which the unit is provided, permit the candidate to meet the requirements for its satisfactory completion by such date as determined by the Executive Dean of Faculty; provided that such date must be not later than 30 August in the same year for first-half year units and 30 January in the succeeding year for second-half year and full-year units. In special circumstances, the Academic Senate, on the recommendation of the Executive Dean of Faculty, may determine a later date but before the commencement of the next succeeding regular examination period.

Discontinuance of Studies

12. (1) Where a candidate is permitted to change the enrolment in units of study pursuant to Rule 4(2)(b) following application in writing to the Academic Registrar and such change includes discontinuance of a unit or units offered by the University, or where a candidate discontinues all the units enrolled:

- (a) the candidate is deemed not to have been effectively enrolled in a unit if they discontinue before the unit census date;
- (b) the candidate is deemed to have withdrawn from a unit if the candidate discontinues after the unit census date but
 - (i) for units offered in University vacation periods, no later than seven days after the unit census date; and
 - (ii) for all other units, no later than four weeks after the unit census date. In such cases, the candidate's record is endorsed with the letter "W" denoting "Withdrawn".
- (c) the candidate is deemed to have failed in any unit where the candidate's discontinuance is other than as provided in clauses (a) or (b) in Rule 12(1). In such cases the candidate's record is endorsed with the letter "F" denoting "Failed". If a candidate claims that such discontinuance is due to

unavoidable disruption, the candidate may report the circumstances in writing (supported by a medical certificate or other proper evidence) to the Academic Registrar, whereupon the Executive Dean of the Faculty providing any unit which the candidate has discontinued may determine that the candidate be not recorded as having failed in the unit and the candidate's record is endorsed with the letter "W" denoting "Withdrawn".

(2) Subject to Rule 12(1), if a candidate has discontinued all the units in the course the candidate is not permitted to enrol again except with the permission of the Academic Senate.

(3) A candidate whose record in a unit has been endorsed with the letter "W" or the grade "F" may, if the candidate has not been excluded therefrom pursuant to Rule 14, re-enrol in such unit in a later year provided that such enrolment is subject to the provision of Rule 4, including any limitation imposed upon the enrolment in that unit. A candidate re-enrolling shall not receive credit for any work previously performed in that unit.

(4) For the purposes of this Rule:

- (a) a candidate may be deemed by the Academic Registrar to have discontinued:
 - (i) all the units in the program of study if the candidate fails to confirm enrolment by the date specified by the Academic Registrar;
 - (ii) any unit, if, in the opinion of the Executive Dean of the Faculty providing the unit, the candidate has abandoned that unit;
- (b) the effective date of discontinuance of a unit is the date of receipt by the Academic Registrar of written notification from the candidate, provided that in special cases the Academic Registrar may determine a different date.
 - (i) Where a candidate discontinues a unit which was being undertaken at another tertiary institution as part of the program of study the candidate's record is endorsed as follows:
F denoting "Failed" if the candidate is deemed to have failed the unit by that institution; or,
W denoting "Withdrawn" if the candidate is deemed not to have failed the unit by that institution;
provided that if the candidate is deemed not to have been effectively enrolled in the unit by that institution, the unit is deleted from the candidate's record.

Exclusion From Enrolment

13. (1) A candidate who is taking an unduly long time to complete a course may be excluded from further enrolment in any units. For the purpose of this Rule, an unduly long time will be regarded as 10 years of effective enrolment.

(2) A candidate who fails to meet the required minimum rate of progress in a program of study is excluded from further enrolment with an appeal process as outlined in Bachelor Degree Rule 15.

For the purpose of this rule, minimum rate of progress is considered to be unsatisfactory at the end of an academic year if the student has attempted at least 36 credit points after 1 January 2006 with an overall Grade Point Average (GPA) of less than 1.00 and in the year under consideration has a GPA of less than 1.00.

(3) A student who commenced candidature after 1 January 2001 in the Bachelor of Chiropractic Science degree who has failed to complete a unit prescribed for that degree (These units are listed in the schedule of prescribed units for the degree) after having been enrolled therein twice is excluded from the Bachelor of Chiropractic Science degree program.

(2) The Academic Senate shall establish the Academic Appeals Committee which may dismiss the appeal, determine that the candidate may apply for permission to re-enrol after the expiration of one calendar year, or permit the candidate to re-enrol, and may impose conditions upon such re-enrolment.

(3) A candidate excluded pursuant to Rule 13 or Rule 14 may apply to re-enrol after the expiration of two calendar years following such exclusion, or after the expiration of one calendar year if so determined pursuant to Rule 15. Any application for permission to re-enrol after the expiration of the period of exclusion shall be determined by the Academic Senate. Any applicant who is refused permission to enrol again pursuant to Rule 15 may appeal to the Academic Appeals Committee which may determine the matter as it thinks fit.

Enrolled in a Unit for the Third Time

16. (1) Except as provided in Rule 14, a candidate who has twice had a grade recorded for a unit offered by the University pursuant to Rule 10 may not enrol again in that unit, except with the prior permission of the Executive Dean of the Faculty.

(2) The Academic Senate may determine whether a Faculty is exempt from the application of Rule 16(1).

(3) A candidate not permitted to enrol again in a unit may appeal to the Academic Appeals Committee which may determine the matter as it thinks fit.
